CARRER OBJECTIVE

Detail-oriented BTech CSE (Cyber Security) student with a strong foundation in Python, secure coding, and web development. Skilled in developing secure applications and eager to apply technical expertise to contribute to innovative IT solutions and Python development projects.

EDUCATION

BTech in Computer Science and Engineering (Cyber Security)

University, Hyderabad, India

Expected Graduation: April-2026 Malla Reddy

CGPA:8.54(as of 6th semester) **Board of**

Intermediate Education

2020-2022

Sri Chaitanya junior college, Hyderabad

Percentage:95.99%

Board of Secondary Education

2020 pass out

Sri Chandra Techno School, Nizamabad

GPA: 9.7

SKILLS

Programming Languages: Python, Java (basic), JavaScript,

Web Technologies: HTML, CSS, React.js (basic), Django

Databases: MySQL

Tools & Technologies: Wireshark, Git/GitHub, VS Code, Postman

Soft Skills: Time Management, Teamwork, Problem-Solving, Public Speaking, Active Listening

PROJECTS

She-Cabs – Cab Booking System for Women’s Safety and Empowerment

- Developed a secure cab booking system using Python, MySQL, HTML, and CSS.
- Implemented role-based authentication and tracking features to ensure safety.
- Designed a user-friendly interface to improve accessibility for women commuters.

Edu-Bridge – Academic Resources and Student Support Platform

- Built a full-stack application using React.js, MySQL, and Python for student resource sharing.
- Enabled easy access to academic materials, notes, and mentorship support.
- Improved collaboration among students by integrating discussion and Q&A features.

CERTIFICATIONS

- Programming with Python** – Internshala
- Algorithms, Data Collection, and Starting to Code** – Coursera
- Oracle Cloud Infrastructure 2025 Certified Generative AI Professional** – Oracle

OTHER ACTIVITIES

- Volunteered at **Tech Fest 2025**, assisting in event coordination and technical support.
- Participated in the **Annual University Hackathon**, collaborated with a team to develop a prototype web application within 24 hours.

SPECIAL INTERESTS

- Building **Full-Stack Web Application**
- Volunteering for **Social Causes**
- Fitness & Mental Wellbeing
